(c) and (d) Heavy Earth Moving Machineries have been taken on hire from some of the Contrators, notably those mentioned at serials 1 to 7, as above, for removing small quarriable patches in small pocket where engagement of departmental equipments have not been found to be economically viable or operationally expedient. Engagement of hired equipments does not appear to have been prohibited or construed violative of any law relating to mining activities.

Review petitions on drugs

1427. SHRIMATI RATAN KUMARI: Will the Minister of INDUSTRY be pleased to state:

(a) whether it is a fact that a number of review petitions on drugs are pending in his Ministry since long;

(b) what is the total number of review petitions pending indicating the date since when pending;

(c) by when all the pending review petitions are likely to be disposed off;

(d) whether it is also a fact that huge number of cases of unintended benefit are lying pending for working out the amount since 1980; and

(e) if so, what are the reasons and by when the claim in each case is likely to be finalised?

THE MINISTER OF STATE IN THE DEPARTMENT OF CHEMICALS AND PETRO-CHEMICALS IN THE MINISTRY OF INDUSTRY (SHRI R. K. JAICHANDRA SINGH): (a) and (b) Some of the review petitions filed by the companies could not be disposed of due to various reasons like court judgements, long process involved in the scrutiny of claims made by the companies and insistence of some of the companies on personal hearing and reconsideration even after disposal. Exact number of undisposed cases cannot be furnished as prices of several thousand formulations have been fixed/revised.

(c) This is a continuing process.

(d) and (e) In some cases, the amount due to the Drugs Prices Equalisation Account is yet to be worked out. Efforts are being made to finalise such cases expeditiously.

Price index of medicines

1428. SHRIMATI RATAN KUMARI: Will the Minister of INDUSTRY be pleased to state:

(a) whether it is a fact that the increase in prices of medicines is the highest of all the commodities in the country;

(b) whether it is also a fact that almost all the drugs on which wholesale price index is based have become obsolete;

(c) what are the names of drugs on which price index is based, indicating the base year;

(d) what was the consumption of those drugs, in value and sales turn over and of formulations based on these drugs during the last three years, year-wise indicating the percentage this bears to the total consumpion of drugs and formulations and their sales turn over in the country;

(e) which new drugs have taken their place; and

(f) what steps have bee taken to ensure that drug prices correctly reflect the wholesale price index?

THE MINISTER OF STATE IN THE DEPARTMENT OF CHEMICALS AND PETRO-CHEMICALS IN THE MINISTRY OF INDUSTRY (SHRI R. K. JAICHANDRA SINGH): (a) No Sir. There is no evidence to suggest that the price increase in the case of medicines is higher than that in the case of all other commodities.

(b), (e) and (f) The wholesale price index is already under review. While revising the basket, production/consumption pattern of all drugs would be kept in view.

(c) Names of 12 bulk drugs prices of which are reflected in the wholesale price

index are given in the attached Statement (*See* below). Base year of wrolesale price index is 1970-71.

(d) The consumption details of bulk drugs referred in the question are not available Sales turnover of the formulation is not monitored.

Statement

Sl. No.	Name of the Drug
1.	Sodium Salicylate
2.	Quinine Sulphate
3.	Benzyl Procaine Penicillin IP (Bulk)
4.	Streptomycin
5.	Chloramphenicol Powder
6.	Tetracycline Hcl.
7.	Vitamin 'A'
8.	Vitamin B-12
9.	PAS & its salts
10.	Vitamin 'C'
11.	INH
12.	Amodiaquine

Price rise of Hydergine etc.

1429. SHRIMATI RATAN KUMARI: Will the Minister of INDUSTRY be pleased to state:

(a) whether it is a fact that prices of most of medicines have gone up, from 500 per cent to 800 per cent during the last few years;

(b) whether it is a fact that the prices of (i) Hydergine-1 mg pack of 30 tablets-have increased by 800 per cent, (ii) Melleril 25 mg 100 Tablets pack, by 300 per cent, (iii) Stemetil 5 mg and 25 mg 10 Tablets pack, by over 500 per cent, (iv) Largactil Tablets, by over 200 per cent (v) Myodil Injection and Dionosil Injection, by 400 per cent, between 1980-1986;

(c) if so, what was the price of each of these productions in 1980 and at the end of 1986;

(d) what are the reasons for such increases; and

(e) what steps have been taken to provide these medicines at reasonable prices?

THE MINISTER OF STATE IN THE DEPARTMENT OF CHEMICALS AND PETRO-CHEMICALS IN THE MINISTRY OF INDUSTRY (SHRI R. K. JAICHANDRA SINGH): (a) Increase in the prices of price controlled medicines, if any, has been allowed as per provisions of DPCO, 1979. Price increases of medicines are moderate in comparison to the price increases of other commodities.

(b) and (c) Information to the extent available is given in the attached Statement (*See* below).

(d) and (e) All the products referred to in the question belong to the price decontrolled category of drugs where manufacturers are free to charge their own prices.

Statement

Sr. No.	Name of the Product		Price in 1980	Price in 1986	% increase.
1	2	3	4	5	6
1	Hydergine 1 mg.	30's	12.04	110.68	819.3
2	Mellerial 25 mg.	100's	25.62	104.90	309.4
3	Stemelin 5 mg.	10's	0.88	5.99	580.7
	25mg. . . .	1M's	1.40	9.73	523.6
